paulc@uga.edu
- David Weber, Program Coordinator
dweber@uga.edu
- Kristin Peney, Secretary
kelizaf@uga.edu

During the school year, several college graduates and international interns join our Burton 4-H Center staff as seasonal instructors. Each instructor has shown a genuine interest in working with children in an outdoor, environmental education setting. Many have done extensive course work in science while others may come to us from teacher training programs, or simply with a 4-year degree. Each is highly motivated and uniquely qualified to work with children in the outdoor classroom.
